#### **Present:**

#### **Discussion**

Minutes were handed out for approval.

Ginger Bishop reported on the Focused report for SACSCOC. The report has to be in the hands of the committee members by Jan 26, 2015 along with a copy of the QEP. We had some faculty whose credentials were called into question in regards to teaching. Some of the documents listing their credentials failed to open and it is only a matter of getting the links repaired. The others should be fine we just have to get more information from the faculty members.

Kevin Whitaker addressed the core particulars of the SACSCOC report.

Meeting was adjourned.
