* Implementation date depends on admissions/catalog deadlines, type of change and if SACSCOC approval/notification is required; name changes can take longer to implement due to timing of admissions

* All program changes are implemented in a Fall term to align with publication of the catalog which is effective each Fall. Changes to programs must reach final approval in CIM for Programs prior to the opening of the admissions application for the Fall term in which the change is effective. The admissions cycle generally opens 15-18 months prior to the Fall semester start. For questions regarding the timeline for implementation of a specific change, please email schedule@ua.edu.
